# User's Manual

Thank you for purchasing our product "MAVERICK Titan Cup." This product is all-titanium cup, manufactured with our precision processing technique, which is used for manufacturing parts of the motor bikes. This is also made in pursuit of ease of grip and drinking. We hope you like its seamless weld, beautiful color created by scorching and its unique figure compared to a silencer end of the motor bike. For your own safety, please read this user manual carefully before using this product.

**Caution** May cause personal injury or property damage

- Do not heat in a microwave oven or over direct flame.
- Do not use abrasive cleanser, steel wool, or a hard sponge for cleaning.
- Refrain from using for purposes other than those mentioned in this manual.

## Preparation for use

- Before using the product for the first time, wash it with a soft sponge and diluted dishwashing liquid.

## How to use

- "Taro Plus" and "Taro" type: Pour a drink to under 3cm from the lip of the container.  
 "Indigo" and "Bamboo" type whose lip of the container is not horizontal: Pour a drink to under 5cm from the lip of the container.
- We recommend you to put your lip on the higher side of Titan Cup when you use "Indigo" or "Bamboo" type.

**!** The body of Titan Cup will be heated by hot items inside. In this case, it is possible that you may burn yourself.

## Maintenance

- Rinse with diluted dishwashing liquid, then water as soon as possible after use.
- If water gets into inside of Lip of Titan Cup, tap its bottom lightly. Fig. 1
- After washing, dry it well with a soft, dry cloth.
- Dry it completely then store it in a place where it will not be exposed to direct sunlight.

**!**

- Wipe the water immediately after washing. Doing so keeps it being clean without water stain.
- Do not use compound agent or a sponge. Titan Cup may get scoring.

## Troubleshooting

Q: Some stains are not taken out easily.

A: Use bleach for persistent stains like tea incrustation.
